To Whom It May Concern:

David Chenoweth has been my pastor for 3 years (2013,14,15) in Corinna, Maine. I can truly say he is the best pastor I have had in my 69 years of pastors. Dave has cared for me lovingly, kindly, and respectfully. I truly feel he has a pastor's heart with a deep concern for his congregation and a deep love for the Lord. I know that he is responsible in the use of his time and resources.

We have spent many hours together in a small group setting praying in depth for the needs of the local, national and world wide church. Dave has a tremendous missional commitment; a humble, worshipful heart towards God; and a solid, balanced understanding of scripture. He can convey that scriptural truth in a clear expository way with a great deal of personal application woven throughout so that people of all ages and situations in life can receive help, recognize God's love for them and understand their Christian responsibilities.

It has been a joy to observe how much Dave loves his wife, Jayme, and their family of 4 boys. He continually works to meet their needs in the best ways possible.

On a very personal note, I have been ever grateful of how Dave reached out to my own family in his willingness to go beyond the call of duty and marry our daughter and her fiance, providing excellent premarital counseling for them and officiating at a beautiful Christian wedding. The now 2 and a half year married couple is doing well in another state and I believe the maturity they show in marriage can be in part attributed to the foundation Dave laid for them.

David Chenoweth has my highest recommendation.

Sincerely,
